FORUM MEETING OF THE POWYS AND BRECON BEACONS NATIONAL PARK RECORDERS

RHAYADER LEISURE CENTRE: SATURDAY 31st OCTOBER 2009

Bookings are now being taken for the forthcoming Forum meeting of the biological recorders of Powys and Brecon Beacons National Park. Please find enclosed a programme for the event and a booking slip below.

This event is being organised by the Biodiversity Information Service for Powys and Brecon Beacons National Park (BIS) to provide local voluntary recorders with an annual get together, exchange information, share views, encourage recorder presentations, and for BIS to provide updates and discussion for recorders.

In the morning session we will concentrate mainly on the progress of BIS, training, and GIS mapping. There will be plenty of time allowed for feedback and discussion with recorders on these topics at the end of each session. This will be followed by four recorder presentations through into the afternoon, covering a wide range of subjects of interest to all.

As always at these events there will be time for informal discussions and a complimentary buffet lunch. The costs of the event are kindly being met by the Brecon Beacons National Park Authority.

If you or your group have any information, survey details, news items, pretty photos, group newsletters, etc to promote your particular interests that you would like to bring along for display, great, as we are planning to have tables provided for these.

To reserve your free place at the event, please either cut out, complete and return the form at the bottom of this page, e-mail data@b-i-s.org or phone the Biodiversity Information Service on 01874 610881 **by Monday 26th October**. If e-mailing or phoning please remember to leave your name and correct contact details.

Please feel free to pass this information on to anybody who may be interested in attending. We look forward to hearing from you, and hope to see you in Rhayader on 31st October.

Phil Ward
